

## User manual for the use of TAG GmbH's Fall-back Platform

Step	Illustrations	Instructions / Information
Access	<a href="https://b2b.taggmbh.at/sap/bc/nwbc/">https://b2b.taggmbh.at/sap/bc/nwbc/</a>	See TAG website for further documentation <a href="#">link</a>
Connection and Login	 <p>The screenshot shows the TAG login page. At the top, there is a warning message: "Protocol cannot be switched to HTTPS; HTTPS is not configured/active. No switch to HTTPS occurred, so it is not secure to send a password." Below this, there is a login form with fields for "User" and "Password", a "Language" dropdown set to "English", and buttons for "Login" and "Change password". A link "Forgot your password?" is also present. Below the login form, there is a checkbox for accepting the "General Terms and Conditions" and "Requirements for use of the fall-back capacity platform". The "Rules &amp; regulations" section is highlighted with a red box, showing the text "5.13 The acceptance and compliance of these rules and regu" and "Electronic bidding rules and regulations TAG GmbH" with an "accept" button. Below this, the "Access to PRISMA Fallback Auction" section is highlighted with a red box, showing the text "Access to PRISMA Fallback Auction" and "Rtx and Auction".</p>	<p><b>Navigator:</b> the use of Internet Explorer (&gt;V10) is recommended. Compatibility issues might be present for other navigators. No API connection possible. <b>Please accept pop-ups!</b></p> <p><b>Credentials</b>  <b>Username:</b> e-mail as registered in PRISMA  <b>Password:</b> one-time password sent by e-mail upon activation of the platform and valid until deactivation of the fall-back platform  <b>Forgot your password?:</b> regeneration of the password via e-mail  Once logged-in the system will ask for a new password.</p> <p>Credentials remain valid until the next activation of the fall-back system</p> <p><b>Rules &amp; Regulations</b>  Acceptance of GTCs, Requirements and Electronic Bidding rules is mandatory.</p>
Select day-ahead or within-day product	 <p>The screenshot shows the "Active Queries" section in the SAP NetWeaver Business Client. It displays a list of active queries, including "Fall-back eRFxs" and "Without Category Assignment". A red box highlights the "Show Quick Criteria Maintenance" button. Below this, there is a table with columns "Response Number" and "Event Description". The table contains several entries, including "BAUM_EX_20190325_WD12_F", "BAUM_EN_20190325_WD12_F", "ARNO_EX_20190325_WD12_F", and "ARNO_EN_20190325_WD12_D". A red box highlights the "Create Response" button.</p>	<p>In menu Access to PRISMA Fallback Auction:</p> <ul style="list-style-type: none"> <li>- Use "Search" functionality if needed</li> <li>- Select required capacity product in the list of active products</li> <li>- Click on "Create Response"</li> </ul>
Place new bid		<p>To place a valid please enter:</p> <ul style="list-style-type: none"> <li>- <b>Balancing Group</b> used for the default allocation</li> <li>- <b>Capacity bid</b> in kWh/h (no decimal)</li> </ul> <p>Bids are checked against remaining credit limit. Capacity bids <b>are binding</b> after confirmation of the pop-up window.</p>

		<p>Booked capacity is transferred in the respective balancing groups only after the closure of the bidding rounds (see CAM Calendar 17:00 DA firm, 18:00 DA interruptible, 02:30 a.m. for first WD product, HH:30 for WD products)</p> <p>Bids are checked against the remaining credit limit and rejected if the remaining credit limit is too low. It is not possible to modify the credit limit during a fall-back event. Please contact <a href="mailto:commercialservices@taggmbh.at">commercialservices@taggmbh.at</a> for such requests.</p>
